

# The composite prospectus for parents and carers 2018 to 2019

## Starting primary school in Leeds

# Our vision

Choosing a school for your child is a really important decision.

We understand this and in Leeds we are committed to working with parents and carers to help and support you. This booklet has been designed to do that. It provides information and advice about the stages of the process you need to go through, the choices you have and the rules the local authority applies when allocating schools, so that we are as fair and consistent as we can be.

Like you, we want the very best for every child growing

up in Leeds. Across all of our schools and services we have a shared ambition - to be the best city to grow up in: a child friendly city. This means working in partnership with you to understand and meet the unique needs of your child and realise their personal potential.

So please do visit the schools you are interested in, if you need advice having read through this guidance they will be happy to help, or you can get in touch with our experienced admissions team using the contact details in this booklet. It's our responsibility to help you feel

knowledgeable and informed about the process.

Leeds is a diverse, dynamic and incredible place to learn. Every day thousands of children and young people are inspired to be their best and shape our city's future. School admissions provide the gateway to these opportunities. We look forward to working with you to find the right school so that your child can take the next steps on their journey and fulfil their potential.

Councillor Lisa Mulherin  
Executive Member for Children and Families

# Checklist

## Before you apply have you?

Visited the schools you are interested in applying to before making your application to ensure that you are making an informed choice. ☐

Read the Leeds City Council Composite Prospectus including, school information and individual school oversubscription criteria\* to ensure you include school(s) where your child has a realistic chance of being offered a place. ☐

Spoken to staff in school or the Admissions Team to clarify any issues you are not sure about. ☐

Considered how your child will get to school and the potential transport costs. ☐

\*Furthest allocation distances and maps from previous years for oversubscribed schools can be found on line at [www.leeds.gov.uk](http://www.leeds.gov.uk)

## Before the closing date (15th January 2018) have you?

Completed your online application and received your confirmation email that this has been submitted. ☐

Told us of up to 5 schools you would prefer and read the admissions policies for each of these schools. ☐

Completed and returned any supplementary information forms to schools who require them. ☐

**If you are claiming exceptional medical/mobility needs (priority 1b)** Checked that your preferred school considers exceptional circumstances as part of their admissions criteria. ☐

Attached supporting evidence to your application. ☐

## Admissions policies

Admissions policies tell you about the criteria used when deciding who can be offered a place. If there are more applications than places at a school, the priorities set out in the admissions policy are used to allocate places in priority order until the year group is full.

It is important that you look at the admissions policy for each of the schools you are including in your preferences as different schools may apply different admission criteria.

The Leeds City Council Admissions Policy for primary and junior schools applies to all Community and Voluntary Controlled schools and includes criteria based on giving priority for children requesting a place at the 'nearest' school to their home address. In addition, distance is used when deciding who to offer places to. Your 'nearest' school under this policy may not be the closest school to your home address, as not all schools have this 'nearest' priority as part of their admissions policy.

Foundation, Academy and Voluntary Aided schools have their own admissions policy, and some include different priorities to the Leeds City Council Admissions Policy. They may not include a distance element. This could affect your application so it is important that you look at each school admission policy before making a decision about your preferences as it is important to consider whether you have a realistic chance of being offered a place.

Admissions policies for Foundation, Voluntary Aided and Academy schools can be obtained from the schools directly, found on their website, or on the Leeds City Council website at [www.leeds.gov.uk/residents/Pages/Admissions.aspx](http://www.leeds.gov.uk/residents/Pages/Admissions.aspx), or by contacting the Admissions Team on **0113 222 4414**.

The Local Authority (LA) is responsible for the co-ordination of all Reception, Junior and Year 7 applications within Leeds. The LA co-ordinates all applications and sends all offers out to parents/carers. There is more information about the application process and offers on pages 8-10.

Leeds City Council is the admissions authority for Leeds community and voluntary controlled schools. All offers of places at these schools are made by the Chief Executive on behalf of Leeds City Council using the Local Authority's admissions policy.

Voluntary aided schools, Foundation schools, Free schools and Academies are their own admissions authorities. We inform these schools of any applications. The governors of the school apply their admissions policy and decide whether they can offer a place and then tell the Local Authority who are responsible for sending out all offers.

The Local Authority also co-ordinates applications and offers with other Local Authorities.

## Transport

Information on transport is available on [www.generationm.co.uk](http://www.generationm.co.uk) or by calling **0113 348 1121**.

Please be aware that when we tell you the priority school for the purposes of admissions it may be different to the qualifying school for transport. Please check the information on the website above.

### The admissions policy for Leeds community and voluntary controlled schools for entry to Primary phase in September 2018

Our Chief Executive makes all offers of a school place for Reception and Year 7 places on behalf of Leeds City Council, which is the admissions authority. Headteachers or school-based staff are not authorised to offer a child a place for these year groups for September entry. The authority to convey the offer of a place has been delegated to schools for places in other year groups and for entry to Reception and Year 7 outside the normal admissions round.

Children with an education, health and care plan will be admitted to the school named on their plan. We will offer places to children in the following order of priority.

#### Priority 1

- a) Children in public care or fostered under an arrangement made by the local authority. (see note 2)
- b) Pupils without an EHC plan but who have Special Educational Needs, or with exceptional medical or mobility needs, that can only be met at a specific school. (See note 3)

#### Priority 2

Children with older brothers or sisters who will be at school at the start of the academic year and are living at the same address (see note 4). This includes priority for a sibling applying for an infant school where the older sibling is or will be attending the linked junior school. This priority will not apply where the older sibling joined the sixth form from a different school.

#### Priority 3

Where children attend the following infant and junior schools they will have priority for the linked infant or junior school:

- Farsley Westroyd Primary\* linked to Farsley Springbank Primary\*
- Guiseley Primary School\* linked to Guiseley St Oswald's Primary School\*
- Rothwell Haigh Road Infant linked to Rothwell Victoria Junior
- Yeadon Westfield Infant linked to Yeadon Westfield Junior

\* These schools became primary schools on 1 September 2015. The link between the schools will still apply during the transition period – September 2015 to August 2018. Should there be more children than places available priority 4 will be used as a tie break

#### **Priority 4**

We will give priority to parents who include a preference for their nearest priority school (see note 6). This does not include any schools which act as their own admitting authority and who do not have a 'nearest' priority in their admission policy. If we have more applications than there are places, we will offer places first to children living nearest to the school (measured in a straight line) (see note 5).

#### **Priority 5**

We will give priority to parents who choose a Leeds school, which is not the one nearest to their home address (see note 6).

If we have more applications which meet one of these priorities than there are places available, we will offer places first to children living nearest the school, measured in a straight line. (see note 5).

#### **Note 1**

If we cannot offer parents or carers a place for their child at any school they put on their preference form, we will offer their child a place at the closest school that has places available when we make the offer (this may include voluntary aided and foundation schools or academies where their governing bodies have given us permission to do so).

#### **Note 2**

Children who have been adopted from local authority care, children with a residency order and those with special guardianship immediately following being Looked After will all be included within the higher priority for looked-after children (priority 1a).

#### **Note 3**

Leeds City Council promotes inclusion for all children and young people across the city. In line with the Children and Families Act 2014 and the ethos that every child where possible should be able to have their needs met in local mainstream provision, it is an expectation in Leeds that all mainstream schools are able to provide for all children with low level Special Educational Needs (SEN) and also the majority of children with Complex SEN Needs. It is also an expectation that all Leeds schools provide an inclusive and nurturing environment that can meet the needs of those vulnerable children who have social, emotional and mental health needs.

All schools have a duty to provide care and support for those pupils who have a medical condition.

Children with exceptional needs who require additional support above that expected of a mainstream school. e.g. blind children who need to access Braille, Deaf children who need access to specialist teachers will usually have an Education Health and Care plan (EHCP) naming a particular school.

Leeds schools are highly inclusive and have developed provision over a number of years to ensure the inclusion and progress of children and young people with SEN and Complex Needs – very rarely is a school unable to cater for a child or young person's needs.

1b admissions priority is specifically for pupils who have a significant physical disability or complex sensory impairment - e.g. pupils with a visual, hearing, or physical difficulty or those with pragmatics difficulties/autism, who do not have

an EHCP and where higher level FFI funding is in place. It is expected that children and young people that require specific provision to meet additional and SEN needs will have professionals involved with them, these professionals ordinarily will have already alerted the Local Authority to any specific provision that a child needs.

When making an application under 1b you must be able to state the provision that is needed to meet a specific SEN need that is only available in the school of preference.

Applications in this category must be supported by a SEN SIF, available from the Admissions Team, which must include a statement in writing from a paediatrician/doctor or other relevant professional who can evidence why a particular provision is needed over another. Leeds City Council colleagues supporting the application must use the appropriate professionals form available from the Admissions team. The supporting statement must also evidence why the school of choice is the only school that can meet the particular need in question. This is necessary as the LA will be assessing if your child has a stronger case than other children.

Cases will be considered individually by a LA panel and where necessary in consultation with the school that has been preferred.

Advice and support can be sought from the Leeds SEND Information Advice and Support Service on **0113 378 5020**.

#### **Note 4**

For these purposes, brothers and sisters must be living at the same address as your child. Siblings refers to brother or sister, half brother or sister, adopted brother or sister, step brother or sister, foster brother or sister. The definition does not include cousins or other family members sharing a house.

#### **Note 5**

In Leeds we use a straight-line distance system. We use a national computer system to run our school-admission system. As part of this system there is a program that measures the 'straight-line' distance from the centre of the main school building to your home address. The point we measure to at your home address is determined by the Royal Mail Postcode Address File. This information provides us with coordinates for every dwelling. If we are not able to match your address with the Postcode Address File then we will use the centre of your dwelling.

In the unlikely event there are insufficient places for two (or more) pupils living in the same building (e.g. flats) or otherwise equidistant from the school, then any final place will be allocated by the drawing of lots.

## **Note 6**

### **If you live in Leeds**

If you live in Leeds and your closest school is a school in another local authority, then your closest Leeds school by straight-line distance will be your nearest priority school. You can apply for any school but the nearest priority only applies to Leeds schools. It includes all community and voluntary controlled schools, as well as Foundation Schools and Academies which have chosen to include a priority for nearest.

### **If you don't live in Leeds**

If you live in another local authority and the closest school to your home in a straight line is a Leeds community, voluntary-controlled or foundation school, or academy we will give you the relevant priority under our admissions policy.

If you live in another local authority and the closest school to your home, by straight line, is a school not in Leeds you are still able to apply for a Leeds School but priority 4 will not apply.

### **Nearest Priority School**

When we say the 'nearest priority' school, we do not include all schools because some apply their own admissions policies and, if they are oversubscribed, they mainly offer places based on different priorities such as the religion practised by the child and family.

### **Address**

For admission purposes, the home address is where the child usually lives with their parent or carer. You must not give the address of a childminder or relative. We will investigate any queries about addresses and, depending on what we find; we may change the school we offer your child. When we make an offer, we assume your address will be the same in the following September as we have on record. If you plan to move house, you must still give your current address. If you move house after the deadline of 15 January 2018 for Primary and Junior places, you must tell us your new address as we may have to offer your child a place at another school.

### **Late Applications**

If you return the preference form after the deadline we cannot guarantee to consider your preferences at the same time as those received on time. Any primary applications returned after 24 February 2018 will only be dealt with once all other preferences have been considered, unless there are significant and exceptional reasons. Late applications will be considered before placements are made (where no preference could be met)

### **Accepting Offers**

Parents will be asked to accept the offer of a school place. This will not affect their position on any waiting list for a higher preference, or their right to appeal. Parents who do not wish to accept the offer, or do not accept the offer within a reasonable time, may have the place withdrawn.

### **Waiting List**

After offers have been made on 16 April for Primary and Junior, parents can ask to go on the waiting list for any school. Waiting lists will also be held for each year group for Starting primary school in Leeds 2018

applications outside of the admissions round. All waiting lists will be held in criteria order of the admission policy and will close at the end of the academic year (July 2019). All waiting lists will be ranked when new applicants have been added ahead of any allocations being made.

### **Nursery**

A place in a nursery does not guarantee a place in the school. Parents must apply for a place if they want their child to transfer to the reception class.

### **Temporary School Site**

If a school has to move to a temporary site for any reason, such as the building being damaged by a fire, we will base our distance measurements on the school's permanent site.

### **Starting Reception Age**

We normally only allow children to start primary school in the appropriate age range. You must ensure your child receives an appropriate full time education from the term following their fifth birthday. Almost all children start school in Leeds in the September following their fourth birthday. However, parents can request that the start date for their child is deferred until later in the school year in the case of children who have not reached their 5th birthday. You can also request that your child attends part-time until he/she reaches compulsory school age. If you want a later start date within the academic year you should discuss this with the school. If your child is born in the summer term and you wish to defer entry until the next academic year but remain within the same chronological year group you will need to apply for a place in year 1.

### **Deferment for summer born children**

Parents of children born between 1 April and 31 August 2014 who wish to defer entry into reception until September 2019 should still apply in the normal admission round for 2018, and indicate this on their preference form, and attach any evidence of the need for deferment from any associated professionals. The parent will be invited to a panel including early years education experts and headteachers where their individual case will be considered. This will ensure the opportunity to reflect on the long term impact of that decision, and balance this against the child's current needs.

### **Applications outside the normal admission round**

All applications outside the normal admission round should be made using an in year application form. From September 2013 you return the form directly to your preferred school. If the school is full you will be offered a right of appeal. The sibling priority will apply to younger and older siblings where families move during the school year.

Where no house move has taken place you will be offered a place to start at the beginning of the next term, unless no other accessible school place is available to you. You can contact the Admissions Team to find out about vacancies in schools.

# How to apply for a Reception place for September

**1 November 2017**

Application process opens

**15 January 2018**

Deadline for applying for your preferred schools online

**16 April 2018**

National Offer Day

## Important dates

### 1 November 2017

**Application process opens.** You can apply online at [www.leeds.gov.uk](http://www.leeds.gov.uk) from this date if you live in Leeds. When you apply online keep your acknowledgement email as proof that you have completed your application. If you have not had an acknowledgement email your application has not been completed – you should go back and make sure it is completed properly. If you want a place at any Voluntary Aided primary school, or some Foundation, Academy or Free Schools you also need to fill in a Supplementary Information Form (SIF). These are available on the Leeds City Council website or from the school. This form must be returned direct to the school by the deadline. We have shown which schools require a completed SIF in the schools information section. If you live outside Leeds and want your child to go to a school in Leeds, you must apply to your own local authority and they will inform us of your request.

### 15 January 2018

**Deadline for applying.** This is the deadline for applications. Any applications received after this date may not be considered until all on time applications have been dealt with.

### 24 February 2018

Any primary applications returned after 24 February 2017 will only be dealt with once all other preferences have been considered, unless there are significant and exceptional reasons. Late applications will be considered before placements are made (where no preference could be met).

Please note that schools which are their own admitting authority (i.e. foundation, academies and free schools) may have different deadlines. You will need to check the schools individual admissions policies for this information.

### 16 April 2018

**National Offer Day.** You will be asked to accept the offer. If you fail to do this, the place may be withdrawn and offered to another child. If you are considering refusing the place please seek advice from the Admissions Team before you do so. A waiting list request form is attached to your offer email. If you would like to go on a school waiting list you should fill this in and return it. If you are unhappy that a school

has refused to offer your child a place, you may appeal this decision, further information will be in your offer letter, or on the Leeds City Council website.

### 30 April 2018

**First cut off for waiting list requests.** For Community and Voluntary Controlled schools, Leeds City Council manages waiting lists. Any names from the waiting lists are matched with any vacancies we are told about in order of the priorities set out in the Leeds City Council Admissions Policy. Waiting lists will be held until 25 July 2018, i.e. the end of the academic year. Until then your child can be allocated a place from the waiting list at any time automatically, so if you leave them on the waiting list please make sure you are prepared to move their school immediately. Voluntary Aided and Foundation schools, Academies and Free Schools manage their own waiting lists but you still need to send your waiting list form to the Admissions Team who will notify the school of the application. For more information see the appeals and waiting list section of this prospectus.

### 15 May 2018

**Deadline for accepting offers and first cut off for appeal forms.** If you wish to appeal against a refusal to offer a place, you need to complete your appeal form and return it by this date to ensure your appeal is heard before the end of July. For Community and Voluntary Controlled schools Leeds City Council Admissions Team will arrange appeals. Voluntary Aided, Foundation schools and Academies manage their own appeals, unless they have asked Leeds City Council to do this on their behalf.

**30 April 2018**

First cut-off date for waiting list requests

**15 May 2018**

Deadline for accepting offers and first cut off for appeals forms for all schools

**April – July 2018**

Places allocated from the waiting lists and appeals held

### How do I apply for a place?

You can apply online by going to **www.leeds.gov.uk**. You are able to include up to five different schools when you are telling us the schools you would prefer. You should put the schools in the order you most want them. When the admission policy for each school is applied you may qualify for more than one school and the preference order is only so we can offer you your highest preference possible.

We write to parents to invite you to apply for a place, and the letter explains which school you will receive a priority for. This may not be your closest school as different schools have different policies. We strongly recommend that you include the school we have told you is your priority school as one of your preferences as you will receive priority in the admissions policy for that school and this will mean you increase your chances of being offered a local school place. If you need help to understand any of the admission policies then please contact us for advice. If you have not received a letter telling you which is your child's priority school, please contact us by email or phone as it is an important part of many school admission policies.

### What kinds of schools are there in Leeds and how will that affect my application?

It is important that you know which type of school you are applying for, because different people are responsible for deciding who gets a place. We refer to the following types of schools throughout this booklet.

**Maintained schools** these include:

- **Community schools** Leeds City Council sets the admissions policy and offers places in line with the policy set out on pages 5 to 7 of this prospectus. These schools are funded by the local authority.
- **Foundation schools** The governing body of each school decides its own admissions policy and takes responsibility for deciding who to offer places to. These schools are funded by the local authority.

**Voluntary schools** There are two categories of voluntary schools;

- **Voluntary Controlled schools** are funded totally by the local authority. Leeds City Council sets the admissions policy

and offers places in line with the policy set out on pages 5 to 7 of this prospectus.

- **Voluntary Aided schools** are mainly funded by the authority with a contribution from their religious body. The governing body of each school decide their own policy on admissions and takes responsibility for deciding who to offer places to. Voluntary Aided schools require you to fill in a Supplementary Information Form (SIF) as well as an online application. You can download a SIF from the Leeds City Council website or the school website. You can ask for a form to be sent to you by contacting Leeds City Council on 0113 222 4414 or by contacting the school.

- **Community and Specialist Inclusive Learning Centres (SILCs)** Children who go to these schools must have a statement of special educational needs or an Education, Health and Care (EHC) plan.

SILCs also have partnership arrangements with mainstream schools where children attend the mainstream school. The children attending the partnerships are on the roll of the SILC not the mainstream school and have an Education, Health and Care plan.

Some mainstream schools have specialist provisions on their site for children who have a particular type of special educational need. These provisions are called Resourced places and are allocated to pupils who have an Education, Health and Care plan.

Places are allocated at a SILC, SILC Partnership and Resourced Place after being named on an Education, Health and Care plan or statement. You do not apply through the admissions primary school application process.

- **Exceptional Provision of Education** Leeds does not have any Pupil Referral Units.

### Non Maintained schools

- **Academies** are funded directly by the government. The governing body of an Academy decides its own admissions policy and takes responsibility for deciding who to offer places to.
- **Free Schools** are another type of Academy, set up and paid for directly by the government. The governing body of a Free School decides its own admissions policy and takes responsibility for deciding who to offer places to.

## Independent Schools

- **Independent schools** are not funded by the authority. They generally require parents to pay fees. The authority does not co-ordinate applications for independent schools, or hold admissions arrangements information for them. You must apply directly to these schools.

Although governing bodies of Foundation schools, Voluntary Aided schools, Academies and Free Schools will decide who they can offer a place to, the local authority must co-ordinate all applications and offers for Reception places, whatever school you apply for. This means we will write to you with an offer on their behalf.

Most Reception places in Leeds are in Primary schools which are for children aged 4 to 11. There are a small number of Infant schools for children aged 4 to 7, with linked junior schools for children aged 7 to 11. There are some 'all-through' schools for children aged from 4 up to 18. If your child attends a through school then they do not need to apply for a year 7 place later unless you wish to change school.

All Leeds Primary schools are non-selective, which means children don't have to pass an entry test or exam.

## How are places offered?

The local authority is required to co-ordinate all applications for Reception and year 7 places. This means we receive all the applications centrally, work with schools who determine their own admissions to gather information from them, and send out all the offer letters, making sure each child only receives one offer. We consider all preferences at the same time, but whether we can offer you the place you want for your child will depend on your circumstances and the schools you have asked for. We aim to offer your child a place at your first preference school, taking account of our admissions policy and admission arrangements, and any offers you get from Voluntary Aided, Foundation schools, Free Schools, academies or other local authorities.

**Please note:** Schools are not allowed to offer places on a 'first preference first' basis so your preference order only influences which offer is made where you could be offered more than one of your preferences.

We consider your preferences in the following stages.

- You list your five preferences.
- We inform any Voluntary Aided schools, Foundation schools, Free schools, Academies, or other local authorities that you have preferenced their school. They apply their policy to decide who they can offer places to, and tell us.
- We apply the Leeds policy to see who we can offer places to at Community and Voluntary Controlled schools.
- If you meet the admission conditions for more than one school, we offer your highest preference school for which you qualify for a place.
- If we cannot offer your child a place at any of the schools you have preferenced we will allocate a place at the closest school to your home address that still has places available. This applies to all Community or Voluntary Controlled schools but may be a Voluntary Aided school, Foundation school, Free school or Academy if their governing body has given us permission to do so.

If you live outside Leeds, we will not offer your child an alternative place.

Although it is not always possible to offer a place to every child who requests a place at their priority school we strongly recommend that you include the 'priority' school in line with the admissions policies which we tell you about in your invitation to apply letter. This is because you will get priority for it, and if you are not able to gain a place at a preferred school it will give you the best chance of avoiding being placed outside of your local area.

## How can I find out more about a particular school?

Each school has its own prospectus which sets out how it is organised, its curriculum, statement of ethos, values and aims. You can get a free copy from the school itself and it will help you to make the best decision for your child. Foundation schools, Voluntary Aided schools, Free schools and Academies must display a copy of their admissions policy on their website. You can also look at the Leeds City Council website [www.leeds.gov.uk/residents/Pages/Admissions.aspx](http://www.leeds.gov.uk/residents/Pages/Admissions.aspx) and follow the direct links to each school page.

You can look at the Ofsted reports at [www.ofsted.gov.uk](http://www.ofsted.gov.uk). They are also available from main libraries. You can also find the reports on our website at [www.leeds.gov.uk](http://www.leeds.gov.uk). Other websites you may find helpful are the Advisory Centre for Education's website at [www.ace-ed.org.uk](http://www.ace-ed.org.uk) and the Department for Education website at [www.education.gov.uk](http://www.education.gov.uk).

# What to do when you get your offer of a place

## Sending offers

The national offer day is 16 April 2018

## Accepting offers

Parents will be asked to accept the offer of a school place. This will not affect their position on any waiting list for a higher preference, or their right to appeal. Parents who do not wish to accept the offer, or do not accept the offer within a reasonable time, may have the place withdrawn. At the same time you can request an appeal for any school you have not been offered, and request to go on any waiting lists. Further information will be provided when you receive your offer and is available online at [www.leeds.gov.uk](http://www.leeds.gov.uk).

## Appeals

If you have been refused a place at a school you want, you can appeal against the decision to an independent appeal panel. We will tell you why you were refused a place and how to appeal. You can appeal for any schools you have been refused and must return the appeal form within 20 school days, that is by 15 May 2018, stating your grounds for appeal. If you do not reply within this time we cannot guarantee to hear your appeal before the end of the term and we do not generally hold appeals in the school holidays. All requests for appeals which are received by this date will be held within 40 school days, ie between June and 17 July 2018. You should submit your request for all of the schools you wish to appeal for at the same time.

If you need to contact another local authority about your application, waiting list requests and positions or appeals their details are:

**Bradford** 01274 439200

**Wakefield** 01924 306052

**North Yorkshire** 01609 533679

**Kirklees** 01484 225007

# FAQs

## Need help to apply online for a primary school place?

Free computer and internet access is available at all Leeds City Council Libraries. They also offer free computer learning sessions including how to use a computer, how to use the internet and how to sign up for a free e-mail account.

## Does it matter what order I list my preferences?

By law we must offer you the highest preference school for which you qualify, and so you should list your schools in order of preference. It is against the law to have a 'first preference first' policy – the offer of a place cannot depend on what preference rank you gave that school. Schools are not informed which order you put your preferences.

## Will my child transfer automatically from nursery into reception?

No. You will still need to apply for a place at the primary school. If your child goes to a particular nursery class this does not guarantee them a place at the primary school it is attached to. There are often more children in the nursery class than there are places in Reception class. There may also be other local children who want a place at the school but do not go to the nursery. You will not be given priority just because your child goes to the nursery.

## How do I find out about and apply for nursery and childcare places?

To get a place at a nursery attached to a primary school you should apply direct to the head teacher of the school. Although some schools do not have nurseries, there may be other types of nursery education available at these schools, such as Ofsted-registered pre-school playgroups and Early Years centres. See the section about individual schools on page 18 onwards.

It is important that you always check the childcare options with the school you prefer. You should remember that there may be waiting lists for out-of-school care, and an offer of a school place does not guarantee a place in any out-of-school clubs.

For the most up to date information about out of school clubs please check with individual schools. More information about child care can be found on the Family Information Service webpage at <http://familyinformation.leeds.gov.uk> or you can phone them on **0113 378 9700**

Remember that our admissions policy is based on the conditions given on pages 5 to 7 - we do not take childcare into account.

## Will my younger child be guaranteed a place at the same school as my older child?

We cannot guarantee places will be available but as children with an older brother or sister in the school receive a priority in the admissions policy, we would expect to have enough places for the younger child in Community and Voluntary Controlled schools. You should be aware that not all admissions policies have the same priorities. If you are applying for a Catholic school, their admission arrangements may put Catholic children ahead of non-Catholic children - even those with an older brother or sister in the school. For Community and Voluntary Controlled schools entry to primary school in September 2018, we will give priority to brothers and sisters as long as:

- we get your application on time;
- any older children will still be at the school when the younger child starts there, and the older children are named with their date of birth; and
- all the children are living in the same house.

If you are moving into or within the area and you have two or more children who you want to go to the same school, we will wherever possible give them places at the same school provided;

- there are spare places in at least one of the relevant year groups;
- admitting a further child would not breach infant class size legislation;
- you have moved at least two miles; and
- they change schools at the start of the next term or within six weeks of moving.

We will try and give you places in the same school even if some of the relevant year groups are full. If you want to move your child to another Leeds school during the 2018 to 2019 academic year and you are not moving house, you will only be offered places for brothers or sisters if there are places available in the relevant year groups.

## Can I find out which schools are closest to my home?

Contact our Admissions Team on **0113 222 4414** or send an email to **education.annual.cycle@leeds.gov.uk**. Please remember to include your address when contacting us. Remember, our measurements are based on a straight-line distance from the school to your address. Cut off distance maps for primary schools are on the Leeds City Council website **www.leeds.gov.uk/admissions**. These show the distances from home to school for the people who were successful in gaining places last year so give an indication of your chances of being offered a place, but these are not formal 'catchment' areas. Most online mapping tools only use postcodes and not the full address. If you want to know your nearest priority school you must ask us for details.

## How can people living further away from a school than me qualify for a place?

Pupils could meet a higher priority under Leeds City Council's admissions policy e.g. Children Looked After, pupils with siblings attending the school or pupils who have the school as their priority school. Pupils with an Education, Health Care Plan are dealt with outside the admissions policy and will be admitted to the school named on their plan.

## Do you ever offer more places than the admission number?

Schools can admit additional pupils if they wish to. Additional places must be offered in line with the admissions policy. It is for the school to determine if they can do so without compromising the education of the existing pupils. Class size legislation also applies to Reception, Year 1 and Year 2 cohorts, which means there must be a qualified teacher in place for every 30 pupils.

## What is the furthest allocation distance?

Places are first allocated to pupils with Education, Health and Care (EHC) Plans that name a specific school then the Leeds City Council Admissions Policy prioritises pupils who are Children Looked After, pupils with Special Educational Needs or Medical needs that can only be met at a specific school and pupils who have a sibling(s) attending the same school. The policy then prioritises places based on distance where a school is the nearest school to a pupil's home address and then the distance to schools that are not nearest to the home address. Furthest allocation distances are the distance the last pupil allocated a place at a school under one of the distance priorities lived from the school.

For the community/voluntary-controlled schools that were oversubscribed the information on who was allocated under each priority last year is included on each school's page (School Information section – pages 18 to 72). This includes the distance of the last child allocated a place. For schools which have their own admissions policies, you will need to contact the schools directly for this information.

Because the Leeds City Council Admissions policy for primary schools is based on distance there are no fixed catchment areas for community/voluntary-controlled primary schools in Leeds.

## Do head teachers decide which children are offered places?

No. The School Admissions Code is clear that in the case of Community and Voluntary Controlled schools the local authority apply their policy to determine who will be offered places. For Voluntary Aided schools, Foundation schools, Free schools and Academies the governing body (not an individual) must apply their policy to determine who will get a place, and the Local Authority send the offer to you on their behalf.

## What happens if I move into the area or change address?

If you move into the area or change address between the closing date in January 2018 and the start of the new school year in September 2018, you must let us know as this could affect your application. We will try our best to offer your child a place at the school you prefer. If there are no places left at any of the schools you wanted, we will offer your child a place at the school closest to your home with available places. Remember that we will find your closest school by measuring in a straight line.

If you move to a new address, we will ask you to provide written proof of your new address. Without proof, we will still accept your new preferences but will allocate a place using your old address until you provide this proof. We cannot reserve places for people moving into the area.

If you are buying a home in the area, we will need proof you have moved, for example a copy of a utility bill or council tax bill. If you are renting, we need a tenancy agreement. Whether you are buying or renting a property we will also need proof that you no longer live at the address we have for you. This would usually be a final gas, electricity or phone bill and confirmation from the Council Tax Department that you are no longer responsible for the Council Tax at this address. You must tell us as soon as possible about your change of circumstance. If you do not let us know about changes in your circumstances it may result in the withdrawal of your school place.

## Does the local authority investigate claims of fraudulent addresses?

The local authority takes the use of fraudulent address to obtain a school place very seriously and will investigate any allegations that are made. If there is proof that a fraudulent address has been used to obtain a school place that place will be withdrawn. We cannot share the outcome of individual investigations because of data protection and safeguarding.

## Can I educate my child at home?

By law, you can make arrangements to educate your child at home. However, you have a duty to make sure that your child receives an appropriate full-time education suitable for their age and ability, and for any special educational needs they may have.

We want to make sure you are meeting your legal responsibility, so you must tell us if you are educating your child at home. If you would like more information, please phone **0113 378 5028**. You will not receive any financial help from the Local Authority if you choose to educate your child at home.

## Other Information

### Special Educational Needs (SEN)

The large majority of children and young people with SEN and disabilities should be able to access education in their local mainstream school. For a small number of children whose needs are more complex, or who may require highly specialist equipment, a special school, special school partnership or resourced provision may be appropriate. In order for us to consider placing your child in one of these specialist settings your child needs to have a statement of SEN or an Education, Health and Care (EHC) plan. If they do not already have one of these, it may be appropriate for the local authority to carry out an EHC needs assessment. This is an assessment of your child's educational, health and social care needs and will involve all the professionals who work with your child and family. If following the assessment the local authority deems it to be appropriate, a Special Educational Needs (SEN) casework officer will draw together an EHC plan. At this stage, they will talk with you about your school preference, and if appropriate will write this into the EHC plan. If your child has a statement or an Education, Health and Care (EHC) plan, or is currently undergoing assessment for an EHC plan it is important that you discuss your application for a school place with your SEN casework officer.

### Getting further advice on SEN

If your child has a statement or an EHC plan and you would like more information about school placement, please speak to your SEN casework officer at:

SEN Statutory Assessment and Provision Team (SENSAP)  
Adams Court  
Kildare Terrace  
Leeds LS12 1DB  
Phone: **0113 378 5256**

Even if your child does not have a statement or EHC plan, they may still need extra help. Your child's needs may already have been identified by their current setting. If so, you should already have been involved in planning for your child's needs through an individual education plan/provision map or something similar. Your child's current provider should have spoken to you about extra resources that will be available to meet your child's needs in their local primary school.

For further information, advice and support about SEN and disabilities, you can contact the Leeds Special Educational Needs and Disability (SEND) Information Advice Support Service on **0113 378 5020**.

SEN Statutory Assessment and Provision Team (SENSAP)  
Adams Court  
Kildare Terrace  
Whitehall Road  
Leeds LS12 1DB  
Phone: **0113 378 5256**

They can give you advice about all areas of special educational needs.

### Appeals for pupils with an Education, Health and Care plan

If you do not agree with the school named on the final Education, Health and Care plan you have the right of appeal to the First Tier Tribunal (Special Educational Needs and Disability). The details of how to appeal are included in the letter you received with the Final EHC plan. You should contact your SEN Casework Officer in the first instance for further information on the telephone number above.

### Priority 1b

There is also a priority in Leeds City Council's Admissions Policy for pupils without an EHC plan but who have Special Educational Needs, or with exceptional medical or mobility needs, that can only be met at a specific school. To qualify for this priority a pupil needs to have a significant physical disability or complex sensory impairment - e.g. pupils with a visual, hearing, or physical difficulty or pragmatics difficulties/autism.

Any application for priority 1b needs to state the provision that is needed to meet a specific need that is only available in the school of preference. Applications for this priority must be supported by a SEN SIF, available from **www.leeds.gov.uk**, which must include a statement in writing from a paediatrician/doctor or other relevant professional who can evidence why a particular provision is needed over another. Not all schools' admissions policies include this priority so please check the admissions policy of the school you are applying for to see if this priority applies.

### School Attendance

The Attendance Team helps maintain and improve attendance at school for all children. Officers work closely with schools, parents and pupils to offer advice and support about attendance and the welfare of pupils. If you need help or advice in making sure your child goes to school regularly, please contact their school directly.

### What if my child needs extra help?

If you feel your child is not making enough progress and needs extra support, please contact:

## Applying for places during the school year

If you wish to change school during the school year you should apply directly to the school. Schools will tell the Local Authority and you if they can offer you a place or not. If they are unable to offer you a place, and your child is without an accessible school we will write to you to advise you of other schools in your area, and which schools currently have places to help you find a place quickly. If you are refused a place you will be offered the right to appeal. If you have moved house you will need to provide proof of address. If you have not moved and your current school is still accessible you will not be offered a place until the start of the next school term.

## Fair Access Protocol

The School Admissions Code requires every local authority to establish a Fair Access Protocol that all schools must participate in. Its purpose is to protect the interests of the most vulnerable children and ensure that those children gain a school place as quickly as possible, and within 30 days at the most. It is used outside the normal admission round when an eligible child or young person has not secured a school or Academy place under the in-year admission procedures. The definition of an eligible child is outlined in the Fair Access Protocol, which is available to download from [www.leeds.gov.uk](http://www.leeds.gov.uk). If you and your child are fleeing domestic violence your application may be processed through Fair Access. Please contact the Admissions Team on **0113 222 4414** for further advice.

## Transport to and from a primary school

### Concessionary fares on public transport

When travelling on buses and trains within West Yorkshire:

- children under the age of five are permitted to travel free of charge, provided they are accompanied by a fare-paying adult.
- children aged five to 11 need only to pay half the adult fare.

When they reach the age of 11, children living in Leeds need to show an Under 16 PhotoCard, a “smart card” that is sometimes referred to as a “half-fare pass”. You can find out more from the West Yorkshire Combined Authority’s website for young people, [www.generationm.co.uk](http://www.generationm.co.uk)

This website also gives details of dedicated primary school bus services. It is important to remember that bus routes and timetables can and do change over time so you are advised to consider how your child would get to school if an existing bus service were to be withdrawn or its route altered.

### Is my child entitled to free home to school transport?

In a very small number of cases, primary age children are entitled to travel assistance. If your child would need to use public transport to get to and from any of your preferred schools, you are strongly advised to read the latest version of Leeds Children’s Services Transport Policy.

Visit: [www.leeds.gov.uk/residents/Pages/Under-16-transport-to-school.aspx](http://www.leeds.gov.uk/residents/Pages/Under-16-transport-to-school.aspx) or [www.generationm.co.uk/passes-permits/freeschooltravel/](http://www.generationm.co.uk/passes-permits/freeschooltravel/)

Phone: **0113 348 1121** for a paper copy.

Starting primary school in Leeds 2018

## When reading the transport policy, please note:

- individual primary schools may offer school places using their own admission policies, but one transport policy applies to all children in Leeds.
- you should not assume that any child who starts school in September 2018 will be entitled to travel free of charge, even if he or she has an older brother or sister who has, or previously had, a Zero Fare pass.
- some eligibility criteria are based on ‘distance’ - when we assess if a child is eligible for support with home to school travel costs, we initially utilise Easy Travel software and measure “gate-to-gate” distances between a child’s permanent home address and the closest entrance to a given school.
- the distance to your ‘qualifying school’ for transport purposes may be measured in a different way to the ‘priority school’ for the purpose of school admissions.
- it is a legal requirement that for transport purposes we measure distances up to three miles according to the shortest available walking route, and we measure distances over three miles using the shortest available driving route – we never use straight-line measurements or catchments in the way that some school admissions policies may do, or might have done in the past.
- following recent policy changes, transport assistance previously awarded to other families in similar circumstances to you, or to other children in your neighbourhood, may not be provided for new applicants.

## If my child does qualify for free transport, how will they get to school?

We will assess the type of support we offer according to what best meets the needs of the child; provides value for money; and is as sustainable as possible. Most children who qualify for free home to school travel are awarded a Zero Fare pass. This is a “smart card” that enables them to travel on public transport or on a dedicated school bus service without having to pay the appropriate fare. The cost of travel is met by Leeds City Council.

In some cases, free travel may be provided in other ways that meet the individual needs of the child, but encourage as much independence as possible. Provision may include one or more of the following options:

- travel training to enable the child to access public transport and travel independently;
- a travel buddy who could walk with the child or travel with them on public transport for a short period of time;
- a mileage allowance, or fixed amount of money, payable to a parent or legal guardian if he or she escorts and takes the child to school;
- a taxi, minibus or adapted vehicle;
- a passenger assistant to travel with the child in a taxi or minibus.

## How do I apply for support with home to school travel arrangements?

You need to fill in an application form as soon as you know which school your child will be attending from September 2018.

To download forms and guidance notes, visit:  
**[www.leeds.gov.uk/residents/Pages/Under-16-transport-to-school.aspx](http://www.leeds.gov.uk/residents/Pages/Under-16-transport-to-school.aspx)** or **[www.generationm.co.uk/passes-permits/freeschooltravel/](http://www.generationm.co.uk/passes-permits/freeschooltravel/)**

Decision letters will be mailed from June 2018 onwards.

## How do I get more information about school transport?

For information about application forms, bus routes, timetables and up-to-date ticket prices:

Phone: **0113 348 1121**

Write to: **Leeds Education Transport Assessment Team  
West Yorkshire Combined Authority  
40-50 Wellington Street  
Leeds  
LS1 2DE**

Email: **[freetravel@westyorks-ca.gov.uk](mailto:freetravel@westyorks-ca.gov.uk)**

## School meals, refreshments and milk

Meals are provided in all Leeds primary schools, and there are facilities for pupils to eat packed lunches brought from home. If you have any questions about school meals, contact the school.

You are entitled to free school meals for your child if:

- they are in Reception, Year 1 and Year 2.

Or if you receive:

- Income Support; or
- Jobseeker's Allowance (income-based); or
- Child Tax Credit.

To apply for free school meals please contact:

The Department of Finance  
Leeds Benefit Service  
Selectapost 15  
2 Great George Street  
Leeds LS2 8BA  
Phone: **0113 222 4404**

Leeds schools do not provide milk.

## School uniforms and other expenses

Please contact the school your child will be attending for information about help with school uniforms.

## Examinations

Primary schools in Leeds do not enter pupils for examinations.

## Children of UK Service Personnel and Crown Servants

In accordance with the Admissions Code 2014, we ensure that we accept posting orders with quartering or unit addresses, prior to the family moving, and that we allocate a place shortly in advance of them arriving in the area to allow a smooth transition. We do not accept 'advance' addresses from any other families.

It is important to note that service families do not receive a higher priority in the admission policy than other families but we do work to remove disadvantage as mentioned above.

## Complaints

If you have a complaint about the service you receive from the Admissions Team then you should write in to the Complaints Support Service who will look into your concerns. You can contact the team at:

Leeds City Council  
PO Box 837  
Customer relations  
Leeds LS1 9PZ

There are formal procedures for dealing with complaints about a school and its curriculum. The school will be able to tell you about its procedures. The head teacher would expect you to contact them first, but there are procedures that allow the governing body to investigate more serious complaints.

# School information

The information in this section relates to individual schools, you will find:

- 1 Type/Status of school.
- 2 Number of places available for Reception.
- 3 Number of pupils at the school.
- 4 Age range of the school.
- 5 How many named the school as their 1st, 2nd, 3rd, 4th or 5th preference last academic year.
- 6 School contact details.
- 7 Whether the Reception intake changed last year and whether this was a permanent change or a temporary one.
- 8 If the school has a faith component and a supplementary information form needs to be completed.
- 9 If the school was oversubscribed and follows the Leeds City Council Admission Policy, how many pupils were admitted under each priority of the admissions policy.

Schools who are their own admitting authority will be able to provide the breakdown of information about how many pupils qualified under each priority of their admissions policy.

We suggest that you use this information, admissions policies, furthest allocation distances and maps from previous years for oversubscribed schools so that you make an informed decision when submitting your preferences.

## School Facilities Key

B	Breakfast Club
F	Fully integrated early education and childcare
A	Better access
O	School out of school club
PO	Private out of school club
C	Children centre on site
R	Resourced Provision for SEN
N	Parents can access Free Early Education Entitlement (FEEE) at school

- 6 Fax: 0113 234 5678

Email: example@schoolname.org.uk

Website: www.exampleschool.org.uk

- 7 The school took 30 pupils on offer day last year. The school took an additional 30 pupils after offer day. The places available for 2017 returns to 30.

- 8 Supplementary Information Form (SIF) Required.

- 9 As the school was oversubscribed on offer day last year (there were more applications than there were places available), we offered places in line with Leeds City Council's admissions policy as follows:
  - 15 children who had a brother or sister at the school (priority 2) were offered a place
  - 10 children were offered a place because the school was their nearest (priority 4) - the furthest allocation distance under this priority was 0.333 miles away
  - 5 children were offered a place although the school was not their nearest (priority 5) - the furthest allocation distance under this priority was 0.555 miles away.

U10	Under 10% car travel

# Glossary

## **Admissions policy**

The policy setting out how an admitting authority decides who to offer places to.

## **Appeal**

If you are not happy with the school we have offered you, you can appeal to an independent panel who may be able to offer you the school you preference. Please see our Appeal Guide on our website for more information about appeals.

## **Appeal form**

This is the form you must complete if you would like to appeal for a school.

## **Community/voluntary-controlled schools**

These are the schools where the Local Authority decides who is offered a place.

## **Co-ordinated admission arrangements**

This is where all schools use a single common preference form so parents do not have to apply to individual admitting authorities and the Local Authority send all offers on behalf of all Leeds admissions authorities.

## **In year common preference form (ICPF)**

This form should be used to apply for a school transfer or a new school place.

## **Preference**

Parents can express a preference they would like us to consider. A preference is not the same as free choice.

## **Special Educational Needs (SEN) Casework Officer**

If your child has a statement of Special Educational Needs or an Education, Health and Care (EHC) Plan, this is the named person who you can contact if you have any problems.

## **Statement of Special Educational Needs or EHC Plan**

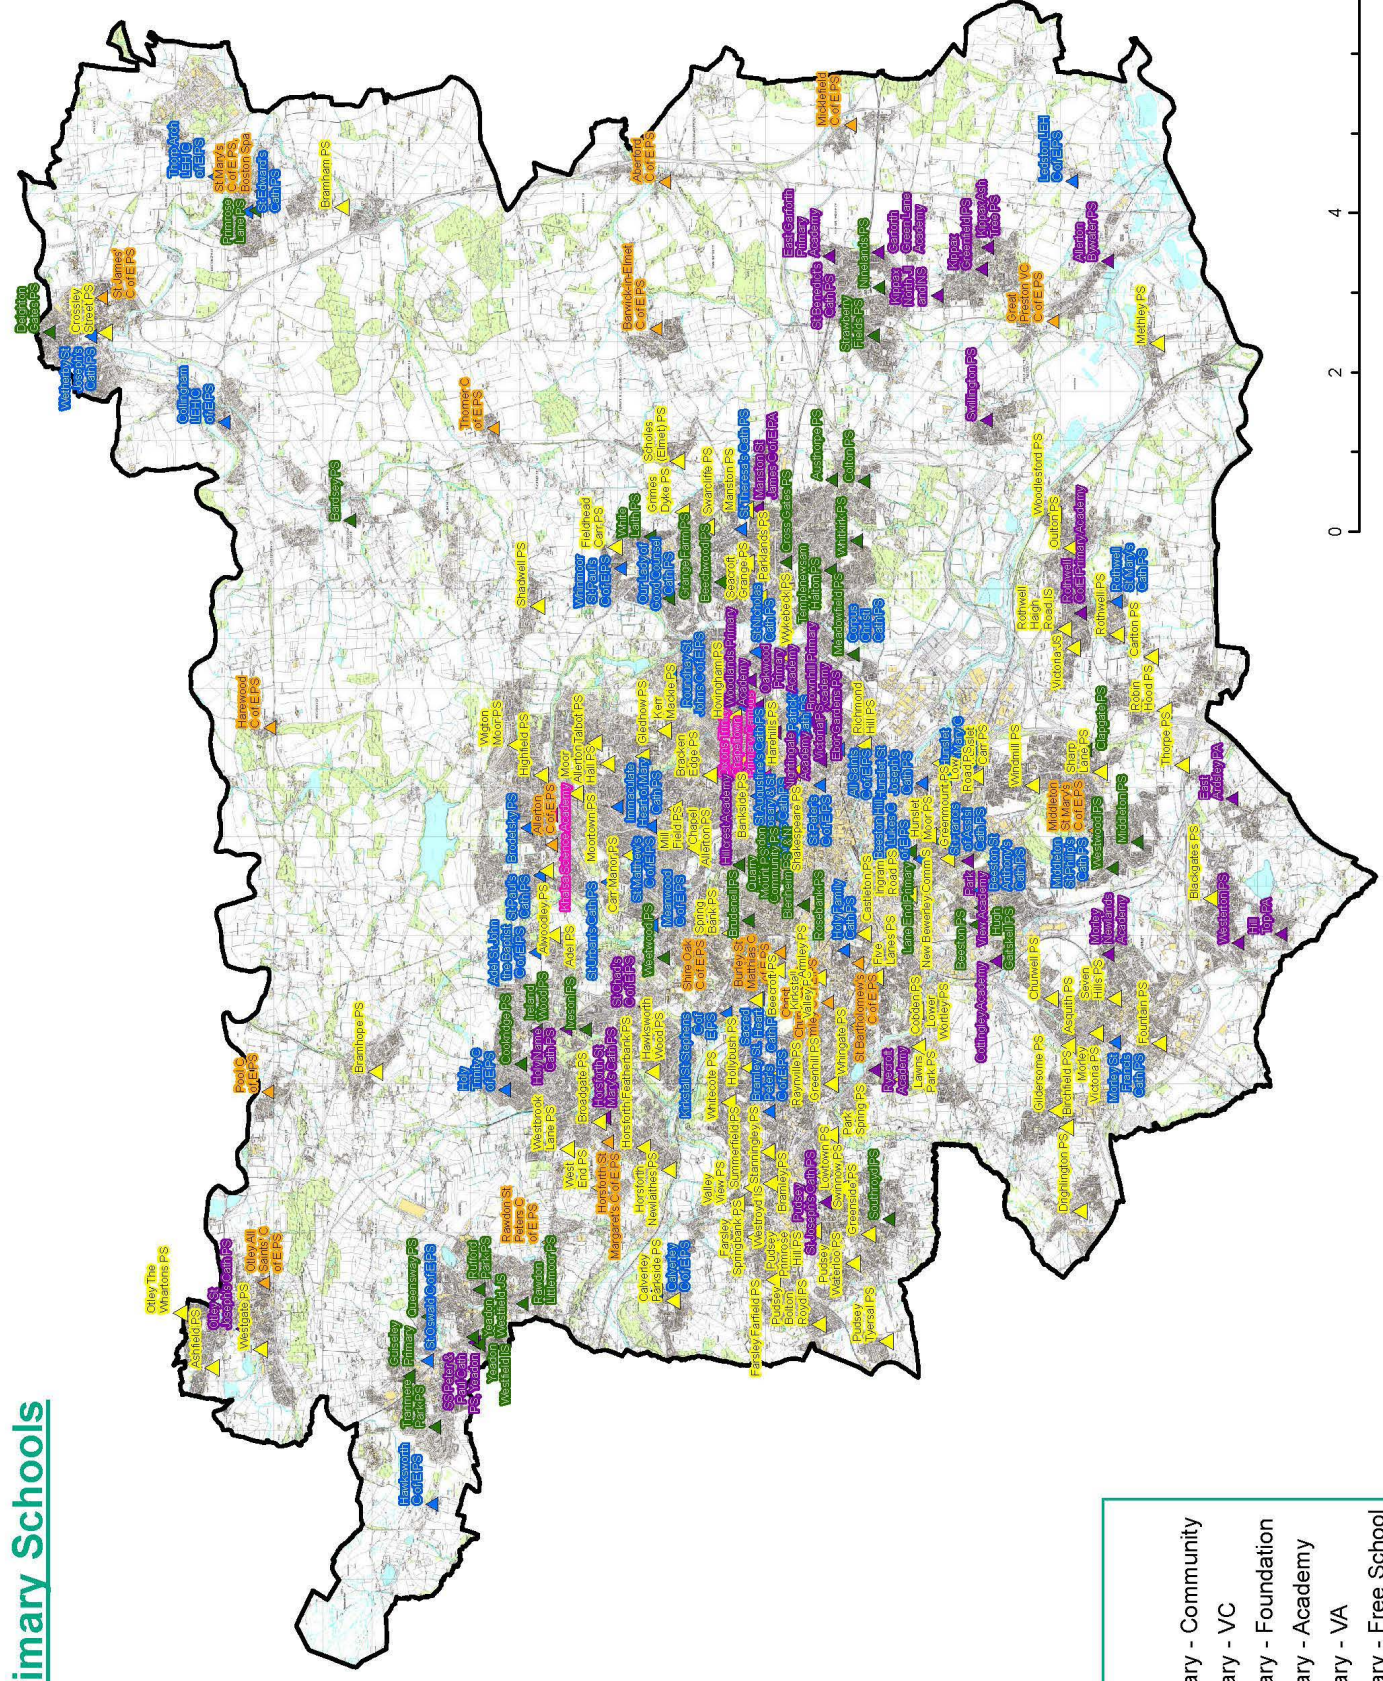

This is a legal document, produced following an assessment of a child's special needs, setting out the child's needs.

## **Waiting list request form**

This is the form you must complete if you would like your child to go on a school's waiting list.
