

# Year 2 Homework

All English and maths homework is to be completed by:

Monday 11<sup>th</sup> November 2019

## Reading Fluency

Read **three times** a week with an adult and get them to sign your planner EACH time you read, with the title, page number and a comment. Remember, reading signatures mean you climb the class reading wall and earn team points!

## Reading with R.I.C.

Read the short extract then answer the RIC questions underneath.

**Remember:**

- R**etrieve – the answer is in the text. Circle or underline key words in the question then scan to find them in the text. Read around them to find the answer.
- I**nterpret – the answer may not be in the text and you have to work it out. Use clues in the text and your background knowledge to develop an answer – use evidence to back up your idea if asked to!
- C**hoice – you have to think like an author. Comment on the author's choice of vocabulary or layout and the impact this has on the reader or text.

## Maths Homework

Complete your awesome arithmetic sheet using what you have learnt in class. We have been learning all about Place Value of a number.

There was a once a girl called Laurie, she was eight years old. It was a cloudy day and Laurie went to the zoo with her mum and brother James. They visited the stripy, young zebras, saw three tigers play in the grass and watched the giraffe as it ate green leaves quickly. Laurie's favourite animals were the little monkeys. She liked to watch them play on the swings and they jumped from tree to tree chasing butterflies and things. Laurie was sad when the day had ended, "Oh no, I don't want to go." she said to her brother James.

"Mum, may I stay at the zoo?" asked Laurie.

- 1. Who did Laurie go to the zoo with?**
- 2. How many tigers did she see? What were they doing?**
- 3. What was the giraffe eating?**
- 4. What were the monkeys chasing?**
