

# Year 2 Homework

All English and maths homework is to be completed by:

**Monday 7<sup>th</sup> October 2019**

## Reading Fluency

Read **three times** a week with an adult and get them to sign your planner EACH time you read, with the title, page number and a comment. Remember, reading signatures mean you climb the class reading wall and earn team points!

## Reading with R.I.C.

Read the short extract then answer the RIC questions underneath.

**Remember:**

- R**etrieve – the answer is in the text. Circle or underline key words in the question then scan to find them in the text. Read around them to find the answer.
- I**nterpret – the answer may not be in the text and you have to work it out. Use clues in the text and your background knowledge to develop an answer – use evidence to back up your idea if asked to!
- C**hoice – you have to think like an author. Comment on the author's choice of vocabulary or layout and the impact this has on the reader or text.

## Maths Homework

Complete your awesome arithmetic sheet using what you have learnt in class. We have been learning all about Place Value of a number.

Ladybirds are insects that belong to the beetles family, which love to live in gardens, parks, woods and fields where there is longer grass or crops.

There are actually over 46 different types of ladybirds living in the United Kingdom and not all of them are bright and spotty.

1. Which word in the text describes the name of the family that ladybirds belong to? Tick **one** box.

spiders

butterflies

beetles

worms

How many different types of ladybirds live in the UK? Tick **one** box.

over 46

over 12

over 52

over 5

Ladybirds are known as a gardener's best friend because they love to eat insects called aphids (greenflies) or scale insects. Both the aphids and scale insects eat plants in gardens and this is why so many people love to see ladybirds. The seven-spot ladybird can eat 5000 aphids during its lifespan!

. Why are ladybirds known as 'a gardener's best friend'?
