

Miss Rushworth's Weekly Challenge Box!

Challenge 1:

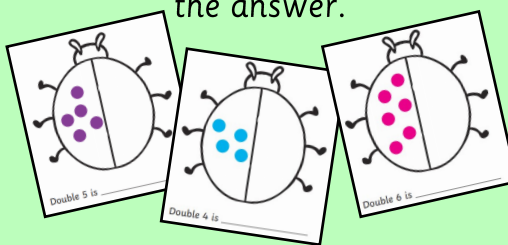

Can you go on a minibeast hunt and count how many of each insect that you find? Can you show your results in a tally chart like this one?

Minibeast	Tally
	
	
	/

Bonus question: Can you explain which insect you saw the most and the least?

Challenge 2:

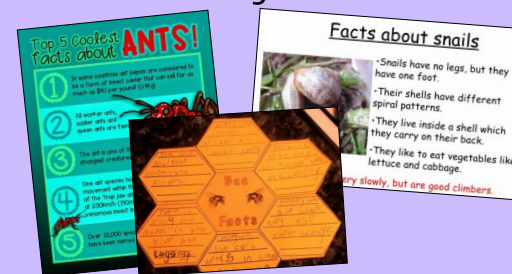

Doubling a number means adding a number to itself. Can you practise doubling by drawing the same number of spots on both wings of a ladybird picture? Count how many spots there are altogether to find the answer.

Bonus question: Can you write the addition sentences for your ladybirds?

Challenge 3:

Can you make a poster about your favourite insect? You could include facts that you know about them and describe what they look like.

Tip: Make sure you segment every word carefully and use your phonics mat to help.

Celebrate your achievements by posting them on Tapestry!
