

Challenge 1:

Can you draw a map of the area around your house?

Make sure to label the different places you like to visit.

Tip: You could use google maps to help with the road layout and start your map off.

Challenge 2:

Can you time how many seconds it takes to walk to different places near where you live? For example, the end of your driveway, the nearest lamp post, a particular tree or the end of your road.

Tip: You could use a stopwatch or count yourself (but make sure you don't count too quickly!)

Challenge 3:

During these challenging times
we are looking after the
people in our community and
local area. Can you write a
kindness postcard for someone
that lives near you.

Tip: Make sure you segment every word carefully and use your phonics mat to help.

Celebrate your achievements by posting them on Tapestry!
