SO,
WHAT'S
THE
PLAN?

We understand printing is sometimes very tricky. If appropriate, please just get the children to write the answers on paper whilst looking at the sheets/ questions online. After your lovely feedback, we have tried to keep printing to a minimum and, as always, you can choose to do 1, 2 or all 3 of the tasks.

Each day, there will be...

- 10 "Fluency Ten" questions

Questions all about the basics of maths and the skills we work on throughout the whole year

- A choice of 2 tasks

Frog Challenge - worksheet/ exercise book based task

Monkey Challenge - computer based task

- Extra optional tasks

Day 1 Fluency 10

10 questions in 10 minutes...are you up for the challenge?

Going through the answers and discussing them is even more important than them completing the task...

- 3) $10 = 1 + ?$
- 4) $10 \times 3 =$
- 5) 3, 5, ?, 7, ?, ?
- 6) $30 - 15 = ?$
- 7) Use the inequality signs to complete this number sentence 34 56
Greater Than Less Than Equal To
 $>$ $<$ $=$
- 8) Write the number 81 in words
- 9) Write the number 73 in words
- 10) 34 is three more than ?

Our math's objectives...

In Year 2, we have to learn a lot of closed skills that we work on all year round. As we move through school, we build upon these skills so, no matter how confident, it is good to rehearse these as much as possible.

1. Counting from any number within 100, in **1s and 10s**.
2. **Number bonds** to 10 – (Link number bonds to 20).
3. **Consolidate Bridging** through 10.
4. The pupil can **recall doubles and halves** to 20.
5. Read and write numbers to at least 100 in numerals and in **words**.
6. The pupil can **add and subtract mentally** a two-digit number from another two-digit number when there is no regrouping required (e.g. $74 - 33$).
7. Know Timetables 2, 5, 10 (**Efficient recall**).

TODAY'S LEARNING
