

Writing a Myth

Lesson four - Writing the Myth!

It's now time to get creative and write your very own myth!

Top tip!

Remember, myths include supernatural humans, monsters or gods and often try to explain things happening in the natural world, eg thunderstorms.

Try limit the amount of words you use to around 500.

Don't be afraid to make mistakes, they are part of the writing process!

Once you think you have completed your write you must proofread it to see if there are any mistakes or ways you can improve your story.

Once complete, refer back to all your work you have produced this week, did you include everything? If not, you could edit your myth to make it even better!
