

## **Year Two - English**

Today your child will have:

- Phonics flashcards video
- Phonics task to complete.
- A handwriting task to complete.
- An English challenge to complete.
- Optional extra tasks.

Flash card recap

Video link: Phoneme flash card recap I

Today we are going to be continuing solving the clues to work out which astronaut has been chosen. You will need to use all of the phonemes you have learnt in Year 2.

## The Mystery of the Astronaut

Go back to the booklet you were using yesterday. Today you are going to complete clues 3,4 and 5 to work out which astronaut has been chosen.

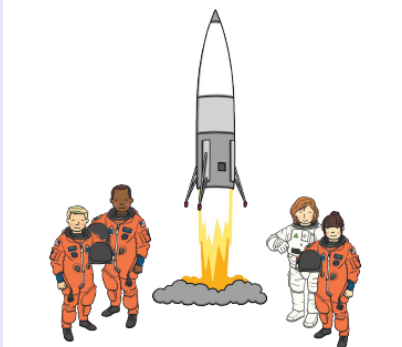

### **The Mystery of the Astronaut**

In the summer, a space shuttle is heading to space. For the mission, two astronauts have already been chosen but there needs to be a third.

Many astronauts long to be chosen and a large amount of people have put themselves forward for the job.

Your task is to solve the clues to work out which astronaut will be chosen.

Good luck!

## Handwriting

Today we will be continuing looking at joining our letters together. Yesterday we looked at phoneme 'ch' and joining the c to the h. Today we are going to move onto looking at using this join within words. Have a go at the words below:

*chat*

*teach*

English

Our Learning Objective:

I can segment spoken words into phoneme and represent these by graphemes, spelling many correctly.

Today we are going to be continuing with our topic of weather and being meteorologists.

Mr Morgan

Mrs Hoyle

## English Task

Today you have two tasks to complete

1) [Tuesday weather diary](#)

Write your weather report for Tuesday.

Use the phoneme sheet to support you with your spelling.

When you have written it, can you present your weather report. Use the links below to support your report.

## English Task

## Make a Rain Gauge

## You will need:

- Empty 2-litre plastic bottle
- 30cm ruler
- Marker pen
- Sharp scissors
- Sticky tape

Follow the instructions and make your own

## Instructions

1. Holding the ruler against the plastic bottle, use a marker pen to draw a line on the bottle every centimetre. Make sure you mark on the number of centimetres, too! Do this until you reach 20 centimetres.
2. Carefully (and with an adult's help), use the scissors to pierce a hole in the bottle above the 20cm line.
3. Starting at this hole, cut all the way around the bottle until the top part comes off. Be careful! The plastic edges can be sharp.
4. Add some sticky tape over the rim of both parts of the bottle to protect your hands from the sharp edges.
5. Take the top of the bottle that you have just cut off and put it, upside down, in the top of the bottle.
6. Stand your bottle somewhere sturdy so it doesn't topple over and wait for a rainy day!

## Optional tasks

Purple Mash-Have a go at making your own weather picture- look at the 2Do on Purple Mash

2Dos

Weather

Creative task

Make your own sunshine

Spelling shed/LEXIA

Practice spelling your common exception words and spelling words containing all the phoneme you have learnt.
