

# Day 3 Fluency 10

10 questions in 10 minutes...are you up for the challenge?

*Going through the answers and discussing them is even more important than them completing the task...*

- 1)  $52 + 33 =$
- 2)  $45 + 17 =$
- 3)  $98 - 56 =$
- 4)  $73 - 19 =$
- 5)  $6 \times 2 =$
- 6)  $12 \times ? = 120$
- 7) fifteen divided by five
- 8) 30 divided by 10
- 9) What is eleven more than 23
- 10)  $3 \times 2 = 5 + ?$

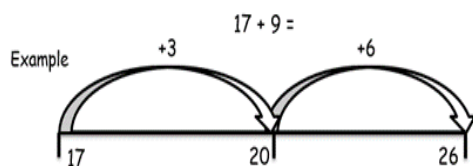

## Frog Challenge 3

Open "**Teaching video 3**" for today's teaching video...

### Bridging through 10

Have a go at these calculations by working out what the "Next 10" is to turn into a number bond question. Then add the remaining amount.

1.  $13 + 8 =$
2.  $15 + 7 =$
3.  $28 + 6 =$
4.  $45 + 9 =$
