

PHONICS

What is Phonics?

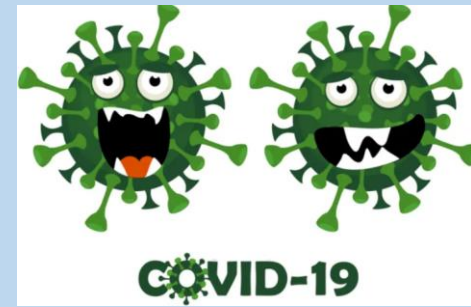

Why do we teach it?

Teaching phonics is all part of holistic literacy. It's repetitive, which helps those that struggle with a short term memory. It can be fun and differentiated and over it all it will give the child the confidence to grow and develop a love of reading.

Intro Introduction
Rivers are flowing waters around the world and they always flow down stream. Rivers are also continuous and that is part of the water cycle.

Animals
Rivers contain oxygen for animals to live. Webbed feet can be very useful to animals in water like ducks. Beavers close ears and noses to keep the water out.

Plants
Many plants have leaves with fine tassels. All plants on the river, but they stay...

Phonics Screening test

What Happens During The Test?

2016 national curriculum assessments

Key stage 1

Phonics screening check
Pupils' materials

desh

queep 

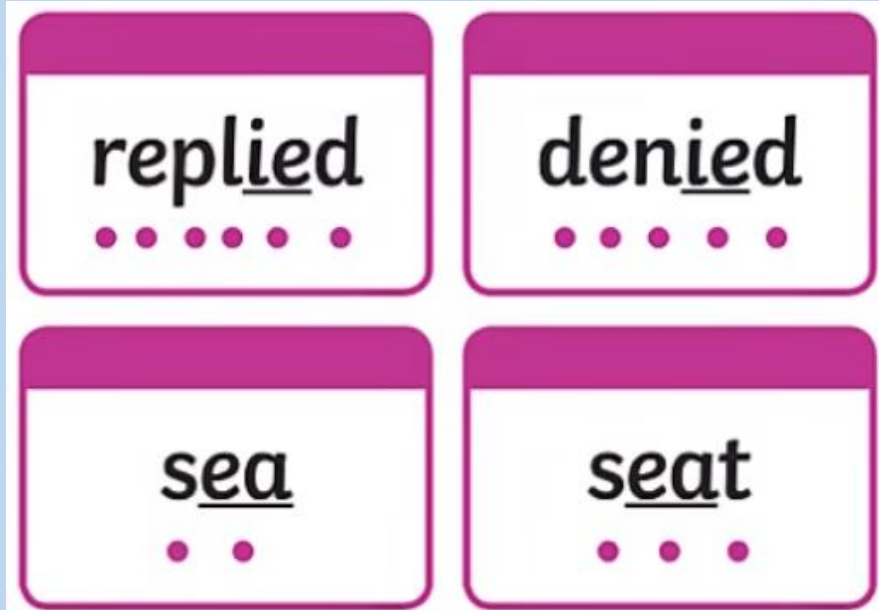

The test contains 40 words.

Each child will sit one to one and read each word aloud to a teacher.

The test will take approximately 10 minutes per child; although all children are different and will complete the check at their own pace.

The list of words the children read is a combination of 20 real words and 20 pseudo words (nonsense words).

Parent Information

Parents are by far the most important people in helping children learn to read. Here you will find lots of information for parents about phonics including: what exactly phonics is, how it is taught in UK schools and suggestions for helping pre-schoolers prepare for learning phonics. You will also find lots of games and ideas to explore with children at home.
