

Virtually Boccia – Round 2 - The Ladder

Set-up instructions

- Set up a ladder directly in front of the throwing position, with the first step on the ladder 2m away. Each section of the ladder is 50cm (See the set-up diagram below)
- You have 12 balls for this challenge, played in two sets of six balls.

Playing instructions

- Your score will correspond to the position the finish in on the ladder.
- Play 6 balls into the ladder. Calculate the first half of your score from where all the balls are after the 6th ball has been throw. Collect the balls and play again, add your score from the first 6 balls to the score from the second 6 balls.
- Maximum possible score for this game is – 600 points
