Where are we?

We are based in County Durham, in the North Pennines.

We are situated in an Area of Outstanding Natural Beauty!

We are approximately 1 hour from Penrith, Newcastle and the Lake District.

We are licensed by the
Adventure Activities Licensing Authority, (AALA)
who are part of the Health and Safety Executive.

The aim of the adventure activities licensing is to provide assurances to the public about the safety of those activity providers who have been granted a licence.

A licence is only granted after a full inspection of the provider, with further inspections carried out each year.

We also hold a full **Learning Outside the Classroom Badge.**

This is a national award combining the essential elements of provision - learning and safety - into ONE easily recognisable and trusted accreditation scheme.

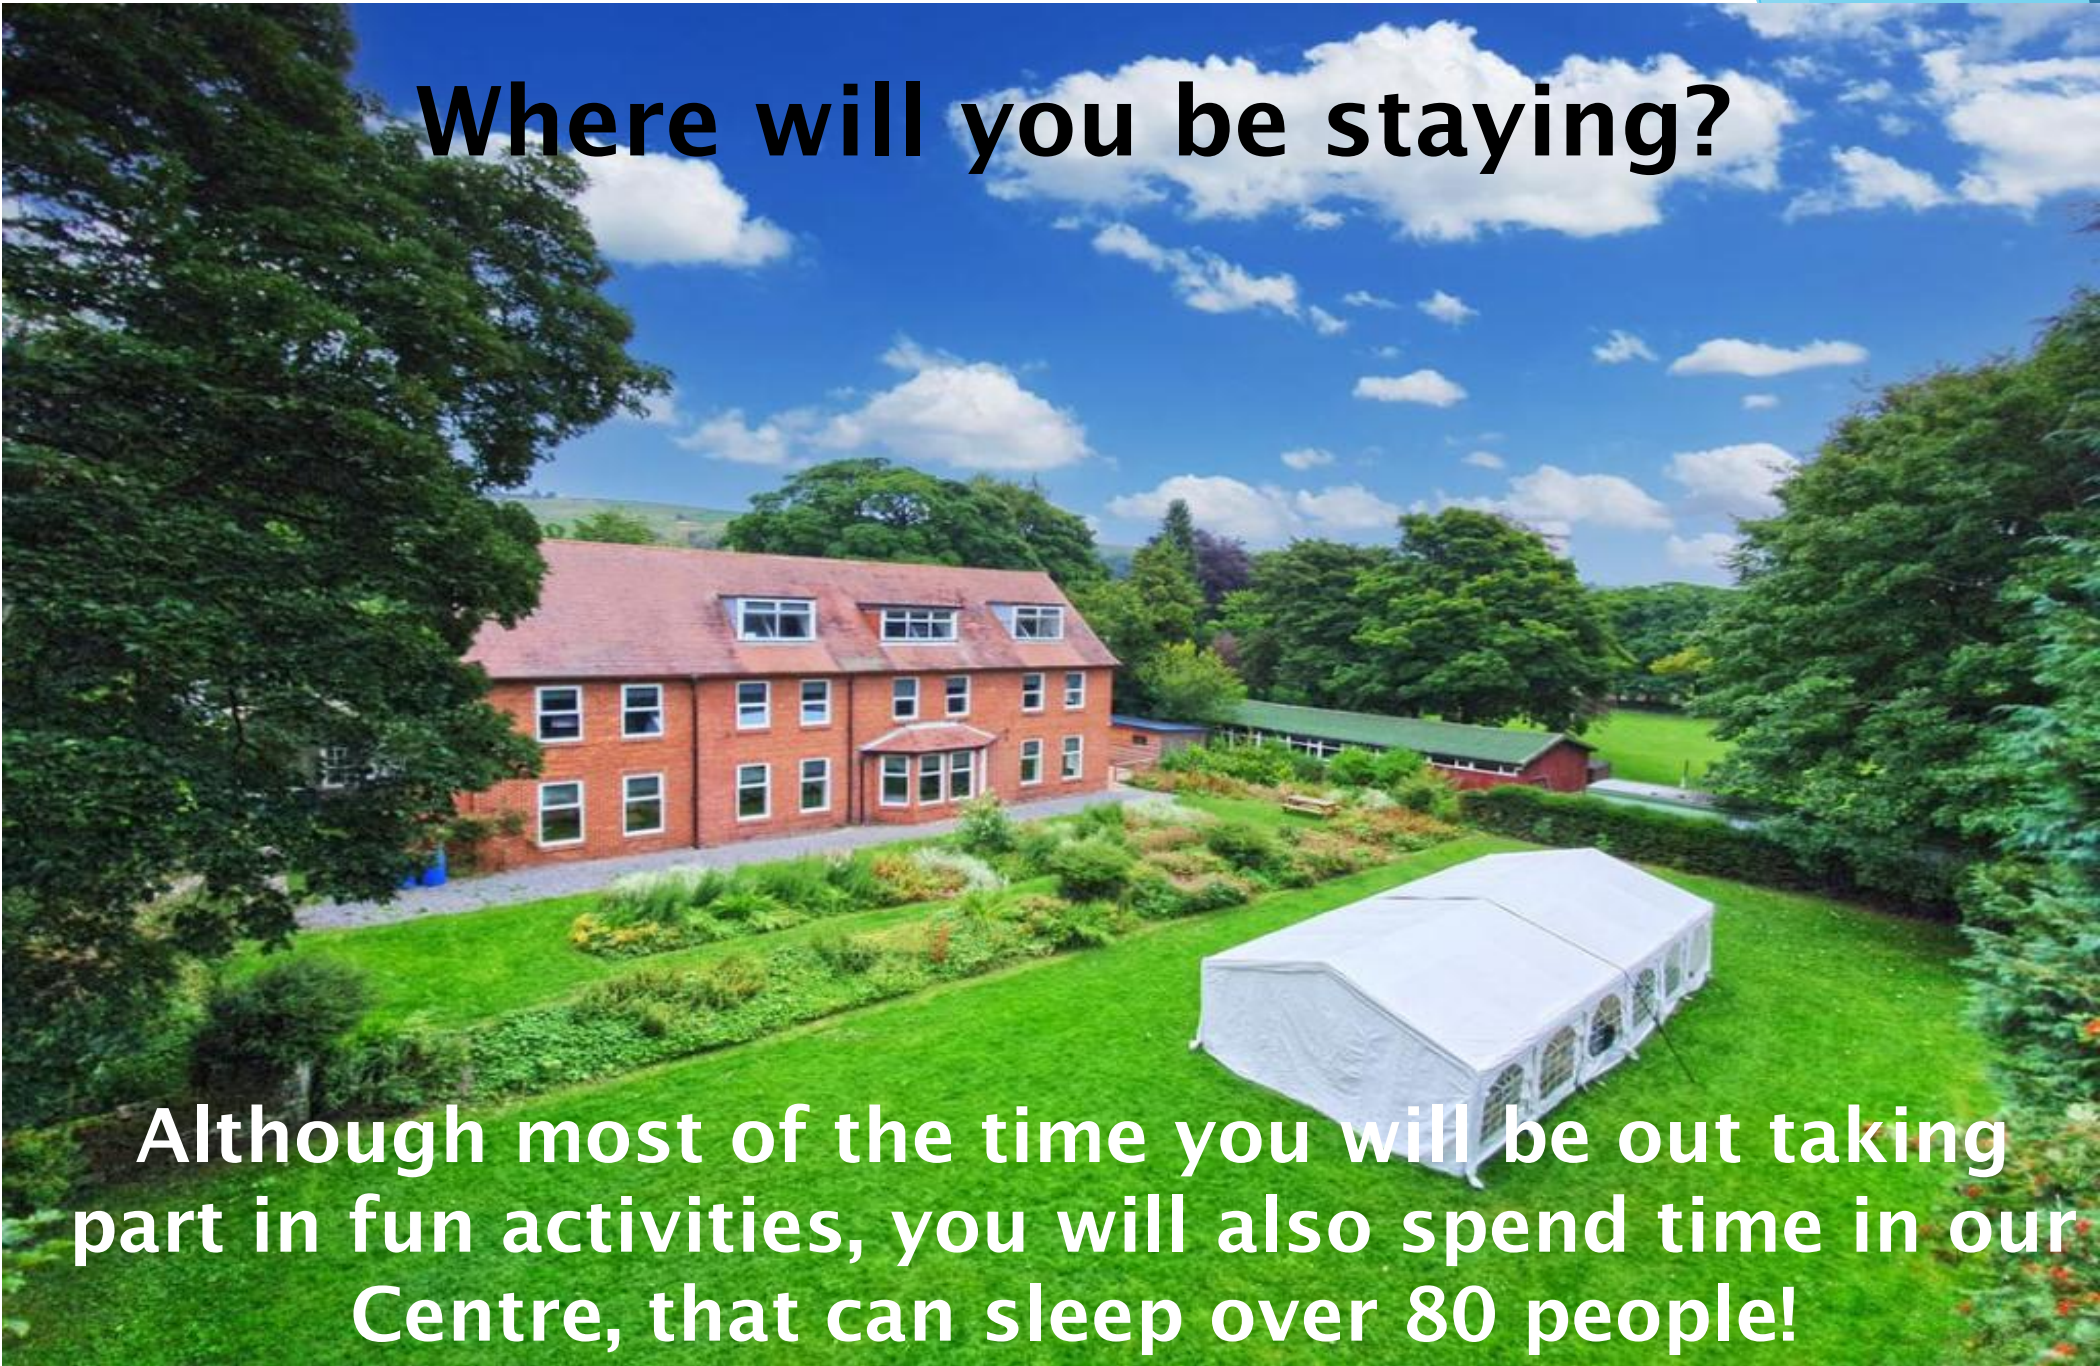

The LOfC Quality Badge means that the holder has passed a robust assessment designed to ensure that they are meeting schools' learning and risk management needs, no matter what activities they offer.

They are both in the water, which is turbulent and white with foam. The background shows a stone wall and green foliage. Another person in a red wetsuit is visible on the right side of the frame.

Let's have a look at some of our
